Tribute from Larry Gerow

Relation: Through Salvation Army Church and (adopting them as our own parents).

I want to send my deepest condolences to Andy's and Eva's family. My wife and I attended the local Salvation Army church here in Powell River for a few years. When we first joined, right away, we adopted Andy and his wife Eva as our own parents, we even called them mom and dad. It was Andy who I remember first meeting. He was saying something funny and I couldn't resist meeting him. We hit it off right away. Eventually stopping by their house on occasions to visit. Every time we would visit, Andy (pops) always offered his famous tarts or some other sweets. They were amazing! Due to the pandemic, we had not visited Momma and Pops for a while. We wanted them to stay safe. We had known in the past that he was sick but he continued going strong. Sadly, we just received a message recently that he had passed. I was truly heart broken. I will miss seeing him driving around town and hearing his funny wisecracks. I will also cherish my moments I had spent with them both. I look up to Andy and Eva, they are the true understanding of love spending many years together. I'm sad for his wife Eva also but I know, Andy is right there with her still, by her side. Our heavenly Father is there watching over her as well. I pray for her to find comfort in Him. My prayers also go out to each and everyone who new Andy, I pray that you will find comfort in the Lord, knowing that one day, will be with Andy again. Blessings to you all.

Relation: Aquantance

Please accept my deepest condolences for your loss of a great man. I met Angelo through my work at Scotiabank in Powell River.. He was always a pleasure to serve at the counter and I enjoyed our chats and greetings. I moved away in 1993 ,such a long time ago and have not had the chance to cross paths, but embedded in my memory is such a kind and felt me person. I know your family will miss him terribly. Give my best to Eva and surround her with love.
May he Be resting in Gods Hands
