Tribute from Carlo Finamore

There are only a few in this world like your mother Antonietta. She was a special person, and she will always be with you. On a personal note, I recall the countless dinners she made for us at her home over the holidays during the '70's through to the '90's, and I now regret not making the time to visit her in Powell River when she was at her best and in better health.

Antonette will forever remain in our hearts and memories. She was a very special woman they don't make any more - they shut that factory down a long time ago.
