

**REMEMBERING**  
**Duncan James Kennedy**  
May 16, 1953 - March 26, 2026

Duncan was born at St. Mary's Hospital in New Westminster, BC on May 16th, 1953, and died at home in Powell River, BC on March 26th, 2026.

Duncan had a number of jobs over the years, from siding installation to welding, but when he started working on computers at London Drugs he found his true calling. There was nothing he enjoyed more than figuring out how to build something, or fixing something broken, especially if it plugged in.

In retirement, he loved his move to Powell River, it's views and friendly people.

Above all, Duncan enjoyed making people laugh - his wit could sneak up on you and leave you with a smile to last the day.

Duncan was predeceased by his wife Cindy, and will be missed by 5 sisters, 3 children and their families; and many, many friends.
