REMEMBERING

Harold Walter Brown

November 17, 1943 - February 16, 2016

Loving husband to Sharron, brother, father, gramps.

Death leaves a heartache no one can heal, love leaves a memory no one can steal. When I close my eyes I see you, when I open my eyes I miss you.

Thank you to all the staff at Willingdon Creek Village and Powell River Brain Injury Society.

No service by request. Donations in memory can be made to Willingdon Creek or the brain injury society.
