

**REMEMBERING**  
**Ilse Helene Seregely**

April 7, 1933 - May 31, 2014

Ilse passed away peacefully after years of battling cancer.

We would like to express our gratitude and thanks to Dr. Rossouw and staff at Evergreen Extended Care Unit who, with much kindness and understanding, made her struggle so much easier.

Ilse's request was no service. After 20 long years she will now join her departed husband at sea.
