

REMEMBERING
Josey Marie Dymont
March 11, 1931 - May 15, 2020

At the end of a beautiful, sunny day on May 15, 2020, our gentle mom passed peacefully into God's grace, with some of her family by her side, holding her hand

Marie leaves us to be with her beloved husband, Vern Dymont, who predeceased her on December 12, 2018.

Also, predeceasing her was her infant son, Vernon Joseph, in 1954, her mother and father, Mary Ann and Alfred Lewis Harwood Jr., her three brothers, Jamie, Bordon and Lydon, her three sisters, Grace Harwood, Emma Dawson and Erie Ward.

Marie and Vern moved with their children, to their chosen province of British Columbia living in Kamloops, Powell River, Victoria and eventually retiring back to Powell River in 1986, to watch the eagles, sailboats and sunsets from their cottage by the sea.

During her 22 years in Victoria, J. Marie enjoyed a challenging and fulfilling career as Manager of the Cash Office with Sears Canada.

After retiring, J. Marie was able to focus on her three passions:

Her family, which included, Vern; daughter Julie (George) Chambers; son Jeffrey (Elaine) Dymont; their three sons, Matthew (Jacqueline), their son, William; James (Tarra), their five children, Eric, Judah, Evangeline (Evie), Christian and Bennett; Steven (Joelene), their three sons, Jackson, Carter and Logan;

Interior design, which included an inspirational ability to infuse delicate colour and creativeness into their home;

Baking, for which J. Marie was very well known, back in the day, mailing special delicacies to family in the Okanagan or singlehandedly creating much of the

delicious baking for her daughter's staff parties.

The family would like to send their great appreciation to:

Martin Andrae, who went above and beyond the call of duty as their family physician. We will always remember your kindness and special efforts;

Our local BC Ambulance Service Paramedics who were, without exception, so professional, yet with a compassion and gentleness which reassured their patients;

The special staff members at Evergreen Care Unit (ECU) who showed love and kindness to J. Marie (and to us), we cannot thank you enough. Please know that we noticed all that you did.

There will be a private, family memorial when travel restrictions are lifted.

A special friend, from 40 years ago, wrote recently,

"Remembering your Mom - her exceptional beauty and kindness,
a lady with such grace and composure, a loving mother and grandmother."

Forever in our hearts
