A true local boy. Charlie spent his entire life in Powell River. He had a 47 year career at the Powell River paper mill, retiring as paper machine supervisor. A life long golfer Charlie was a member of both the original Townsite and the Myrtle Point Golf Courses. On Saturday May 3, 2014 the big golf course in the sky quietly called Charlie for his final tee time. Dad may your drives be long and your putts be straight.

Charlie didn't want a service, but friends and former co-workers are asked to play 18 or hoist a beer in his honor
