

REMEMBERING
Margaret Helen Csuk

June 10, 1935 - February 21, 2026

We are sad to announce the passing of our mother Margaret Csuk at the age of 90 on February 21st 2026

Margaret, and our father Joe (predeceased 2014) escaped from Hungary in 1956 following the Hungarian Revolution and began building a new life as Canadians.

Joe found work in the mill and Margaret stayed at home to raise Judy (David) and David (Sonia). They found friends, connected with coworkers, planted flower gardens, celebrated birthdays and Christmas holidays, anniversaries and graduations.

Over the years they spoke very little about their harsh years in Hungary but always appreciated the freedoms and opportunities in Canada. Only recently did we discover their participation in the Hungarian revolt by freeing friends wrongly imprisoned.

Margaret stayed in their family home until declining health and mobility required her to move to Evergreen Longterm Care in 2024. Many thanks to the nurses, care aids and doctors who oversaw her care over the years. Special thanks to Sasha for her kindness and consideration for Margaret and our family in these last few months and Gauli, for her friendly visits with Mom.

Margaret leaves behind three grandchildren; Robert, Krista (Tanner) and Curtis (Sydney) and one great grandchild, Wesley.

A family Celebration of Life is planned for a future date.
