

REMEMBERING
Richard Allen Brown

September 17, 1948 - June 20, 2017

He's gone fishing. Meeting up with his parents, brothers and nephews, Al will surely be getting into trouble in no time! Al leaves behind wife of 48 years Patricia, daughter Cindy (Rob), sister Bernice (Bill) and grandsons Cole and Rylan. Al wore many career hats over the years that included mainly the logging and fishing industries in the Queen Charlotte Islands. Never without an opinion on pretty much anything, Al most enjoyed helping out his buddies with their fishing and gun troubles. His vast knowledge and years of experience always came in handy. While his family is deeply saddened by Al's passing, there is a rumour floating around that this was all just an elaborate plan to get out of mowing the lawn! All kidding aside though, thank you to Dr. Lynskey for his care over the years, which even included house visits when necessary. ~Cattle can rest easy as the President of the Queen Charlotte Islands Cattle Rustlers Association has now officially retired!
