I am a nurse at Evergreen Care Unit and I am saddened by his passing. He was a joy and delight to care for and very appreciative of anything that was done for him. His obituary was very interesting, he was definitely a well rounded man. I am honored I had the priveledge of caring for him, and being respected by a true gentleman. RIP Rudy loved our talks

Relation: Lifelong friend

Rudy....dearest of friends; like a big brother to me. So many fond memories. You knew me when I was in my mother's womb. Such a good, kind neighbor and friend to my parents Ray & Marianne Bergot; and to me and my siblings. I recall you giving my Mom an egg-white facial and a beer shampoo, probably perms too. You owned the first VW Bug in Powell River; you were always just ahead of everyone else. Your trip to Toronto and visiting me and Jack in Mississauga. Your charm, your wit, your sense of humor and that infectious laugh! Your wonderful smile, which could light up a room. Your positive outlook on life gave everyone else hope, your kindness to others...I could go on and on. Our visits - whenever I got back to Powell River, which was never often enough; the little Wedgewood Blue covered Dish you gave me which I still use and think of you every time I see it. Such a lovely keepsake. All the ways in which you served your community will always be appreciated. I'll never forget you Rudy; you will always hold a special place in my heart. My deepest sympathies to your family and all who knew and loved you. You will be missed! Rest in perfect peace my lifelong friend. Love always, 'Nene' - as you fondly called me xoxo

**Tribute from Bev Bligh**

Relation: friend

As a relative newcomer to Powell River, I did not know Rudy long. However, I always enjoyed our outings with friends to the Laughing Oyster, enjoyed visits with him, and always loved hearing of his life experiences and his tales of growing-up in Powell River. Powell River has lost a delightful treasure chest of memories. Rudy was such a kind, gentle soul...he'll be missed.

Rudy's life reached out across the pond and touched mine, and my life was richer because of it. Many lives will be poorer now he's gone. RIP.
