you well be missed .. you were a big part in shaping my life ... I feel blessed that I so recently got a chance to chat with you.... sensi / friend

**Tribute from Thomas Lockhart**

Relation: close friend

I've known Pat for over thirty years, gave him a Japanese style tattoo back around 79/80, he even set me up tattooing during a couple of Seafestivals in the back of his Pawn Shop down by the Police Station. We found we had a mutual love of guns and he shot competitions with me at many ranges. And of course there were the Motorcycles, and the parties, women and travel. We tripped all over Mexico, climbing pyramids and Marlin fishing. Going to miss you soooooo much buddy.

**Tribute from Fred Dallyn**

Relation: From the old days.

Met Pat when he moved to Vancouver from Toronto, we all lived in in a house on Tempelton. Shared an interest in motorcycles, guns and cheap wine. Where is my strong box? Remember when Beans ate the dash and steering wheel of the van.
